

“Who knew the most **exciting man** in my life...

would be a **urologist?**”

I used to feel embarrassed every time I sneezed, coughed or just stood up. My life was shrinking due to incontinence, until my urologist diagnosed and treated me, and helped me get my life back on track.

Urologists are the specialists who treat all kinds of bladder, kidney, and prostate problems, including cancer.

Since my treatment, I found out Eagle Ridge Hospital urgently needs to raise **\$206,000 to upgrade its urology equipment** to help people in the Tri-Cities who suffer from these medical problems.

Find out how you can support your community hospital to provide the best quality of care Tri-Cities residents deserve. Visit [www.erhf.ca](http://www.erhf.ca) and view a video of a local urologist who explains why this upgrade is so urgent for our community hospital.

Call **604-469-3128** or go online and **Donate Today**.
